GER: Corrosive: Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through skin. May be fatal if inhield. Do not breathe dust or vapors. Irritating to nose and throat. Do not get in eyes, no skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this, product. Wash thoroughly with soap and water after handling and before eating, dinking, chewing gurn, using tobacco or using the restroom. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS:

Corrosive: Strong oxidizing agent. Use only clean dry lutensilis. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals (including lother spa chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible fire and explosion. Avoid any contact with fiaming or burning material such as a lighted cigarette. Do not use this product in any device, which has been used with any inorganic or unstabilized chlorinating compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARD:

This pesticide is toxic to fish and aquatic organisms.

Establishes an initial chlorine level to help:

- · Determine the best SPA FROG Bromine Cartridge setting for your spa.
- Optimize the life of the SPA FROG Bromine Cartridge.

Product Description: This product perfectly accompanies the SPA FROG® Floating System or In-Line System by starting up a freshly filled spa with an initial chlorine level. The effervescent action helps the chlorine dissolve faster and the fizz tells you it's working! For best results use FROG Jump Start" after balancing the water and before using your SPA FROG® System.
